2019 End of Year Report Central Texas Young Farmers Coalition

Overview

This was our first full year as elected officials of this chapter, and our first year as a team. Together, we organized educational and social meetups, tabled at conferences, lobbied on behalf of local farmers and raised over \$2,300 at our first fundraiser. Through our fundraising efforts, were able to send Tiffany from Dobbin-Kauv Farm and Ali from Farmshare Austin to the 2019 Convergence. We

also recently granted our first conference scholarship. We have continued our strategic planning with a two-part goal-setting process near the end of 2019. From the survey, it looks like we'll be getting some new and exciting projects off the ground in 2020! This process was designed to be centered around the question, 'what projects would you like to see, and more importantly, what are you willing to take the lead on?' We hope that this will encourage involvement and ownership among our young and beginning farmers.
